PROGRAM BRIEF

A 32 Hours course for Employability Skills Training & Domain Training was organized in YSM, Ranchi for the final year graduation students. The duration of the program was eight days starting from 14th May, 2022 to 21th May, 2022 (Two parallel batches run for this certification course). A total 72 students have rigorously undergone this training program in two different batches. The program was facilitated by Mahindra and Mahindra group as a part of their CSR initiative under the title Mahindra Pride Classroom implemented by Naandi Foundation. Life skills, soft skills, communication skills, presentation skills and interview skills were being taught to the students so that they could have some job exposure. Certificate of completion will be provided to the participants.

Due to demand we are planning 2 more batches of the same course in upcoming academic year 2022-2023.

EXECUTIVE SUMMARY

YSM conducted a three-month "Office Operations Executive" certification course for the batch of 2019-22, with the aim of developing students' skills and preparing them for employment. The course, consisting of 250 hours, was implemented by Learnet Skills Limited, a subsidiary of Schoolnet India, in partnership with the National Skill Development Corporation (NSDC) under the Employability Excellence with College & Learning (EXCEL) program of the Jharkhand Skill Development Mission Society. Mrs. Ruchika Das, a Training of Trainers (ToT) certified professional from the Sector Skill Council (SSC), led the training program, which commenced on October 14, 2022, and concluded on January 2, 2023. Schoolnet India, a vocational skills training company, specializes in the implementation of various government schemes related to skill development and employment generation.

Among the 27 students who participated in the course, 17 of them successfully secured placements in renowned companies including Cogent E-Services Ltd., TCS, Schoolnet India Ltd, airtel, and Godrej Interio. These placements provided a significant opportunity for the students to embark on their professional careers, utilizing the skills and practical experience gained during the course.

The collaboration between YSM, Learnet Skills Limited, Schoolnet India, and NSDC has proven instrumental in bridging the gap between education and employment. By offering focused training in office operations, the program empowered students to enter the job market with confidence and contribute effectively to the workforce

ABOUT THE COURSE

The objective of this program is to provide training and skill development to students, preparing them for the job role of an Office Operations Executive. The job responsibilities of an Office Operations Executive include reviewing and preparing documents, composing basic correspondence, maintaining records, coordinating with internal and external agencies, and ensuring the completion of tasks in accordance with professional workplace practices. The program is designed to equip students with the necessary knowledge and abilities to perform these tasks effectively.

COURSE DETAILS

The course was specifically aimed at the batch of students from 2019-2022 and had a total of 30 attendees. The duration of the course was three months, with a training duration of 250 hours. The training sessions were conducted in Room No-S14 of the Main Building, and the timings were from 8:30 AM to 12:30 PM. The students received four hours of training each day during these sessions.

COURSE OUTCOMES

The course focused on teaching the students how to effectively manage various routine office activities, utilize computer systems to store, retrieve and communicate information, verify and review forms and applications, effectively coordinate with both internal and external agencies, apply the principles of professional practice in a workplace setting, and communicate effectively with clients, visitors, and colleagues. The specific objectives of this course were to enable the students to achieve the following outcomes:

1. Manage routine office activities proficiently.
2. Utilize computer systems efficiently for storing, retrieving, and communicating information.
3. Verify and review forms and applications accurately.
4. Effectively coordinate with both internal and external agencies.
5. Apply professional principles and practices in a workplace setting.
6. Communicate effectively with clients, visitors, and colleagues.

ASSESSMENT AND EVALUATION

On 20th February 2023, an external assessor appointed by the government conducted an assessment to evaluate the implementation of the course content and learning outcomes. The purpose of this assessment was to determine the level of proficiency achieved by the students who participated in the course. To receive certification, students were required to pass both a written test and an interview. Only those students who passed both of these assessments were awarded certificates.

FEEDBACK

The EXCEL Course for Office Operations Executive proved to be an all-inclusive and highly informative training program. The course outcomes were clearly defined, and the training was tailored to suit the requirements of modern-day office environments. The course was organized efficiently, and the trainer exhibited a high degree of cooperation and flexibility, catering to the needs of students hailing from semi-urban areas. Feedback from the students was overwhelmingly positive, with many expressing that they had learned a great deal and were able to develop various skills, including improved communication abilities, enhanced IT proficiency, increased self-confidence, and most importantly, job placements. Overall, the course was a tremendous success and will undoubtedly benefit students in their future careers.

COURSE DETAILS

Keeping in tune with the New Education Policy (NEP), our college has introduced 15 certificate courses for the academic year 2022-23. These courses include a variety of skills aimed at enhancing the learning experience for our students. As of now, some of these courses have been completed, while others are still ongoing. A certificate course in Karate was started on 20th March,2023.

The duration of course was fifteen days for two hours per day and it was commenced between 20/03/2023 to 15/04/2023. A total of 26 students applied and 23 were selected and trained for the course.

Three professional instructors, namely Mr. Pankaj Gurung (Black Belt in two dan Kung-Fu), Amit Kumar (PTI, YSM) and Ashish Jaiswal (WMAF) conducted these sessions, which were received with great enthusiasm by the students.

From college side Prof. Shekhar Suman, Assistant Professor, Dept. of Mathematics coordinated the course training program.

Respected Principal Dr. Shyam Pandey time to time visited the training program, encouraged and motivated the trainees and instructor.

Upon successful completion of training, the trainee students were awarded certificates by YSM and World Martial Arts Federation (WMAF).

Respected Principal Sir,

Yogoda Satsanga Mahavidyalaya, Dhurwa, Ranchi.

Subject: To get permission to conducting Add-on program on **"Cloud Computing"** for students of BCA & B.SC IT Semester-III (2021-24)

We have planned to provide an Add-on course on Cloud Computing for students of BCA & B.SC IT Semester-III (2021-24).

As discussed earlier, we have coordinated with diverse vendors like E-GURU computer Education Centre, Weblectica LLP & NSLCOMP. Out of which NSLCOMP (25% more concession in the actual amount) has been selected as they are offering a low course fee.

I request you to allow me to start the proposed Add-on program for benefits of our students. We are hoping for your kind approval and support regarding this program.

Thanking You.

Approved.

COURSE DETAILS

From May 4th to May 11th, 2023, the Internal Quality Assurance Cell (IQAC) collaborated with **Urban Kheti** to organize a 7-day (30 hours) Certificate Course in Solid Waste Management. This course aimed to promote sustainable development and environmental consciousness, aligning with the objectives of the National Education Policy (NEP). A total of 16 students registered for the course eager to explore the intricacies of solid waste management.
During the course, students were introduced to the current waste management scenario in Ranchi, which included landfills. They also examined insightful case studies that highlighted the challenges faced in waste management and potential solutions.

SYLLABUS COVER

The course extensively covered key components of solid waste management. Students gained knowledge about the various stages involved, including waste collection, transportation, treatment, and disposal. Emphasis was placed on the importance of waste segregation at the source, as well as the significance of recycling and composting to minimize environmental impact.
Additionally, the course focused on waste processing techniques and technologies. Students learned about methods such as incineration, landfill gas recovery, and anaerobic digestion. Through this, they gained insights into the benefits and drawbacks of each approach, enabling them to develop a comprehensive understanding of waste processing alternatives.

COURSE COORDINATOR

Dr. Sumit Pathak, Assistant Professor in the Department of Botany, took charge of coordinating the entire certification course ensuring a holistic understanding of solid waste management for all the participants.
