1. Seminar on “Integrated Approach in Science and Technology”

A seminar on "Integrated Approach in Science and Technology for a Sustainable Future" was organised by YSM to celebrate National Science Day on 28th February 2022. The seminar aimed to create awareness about the importance of an integrated approach in science and technology for sustainable development. The event witnessed the participation of eminent academicians, researchers, and students who shared their views and ideas on the theme.

Dr. Shyam Pandey, Principal, YSM, delivered the keynote address at the seminar. He set the underlying tone of the seminar by emphasizing the need for an integrated approach in science and technology to achieve sustainable development. He discussed how science and technology can be used as a tool for social, economic, and environmental development.

Dr. A. K. Saxena, Secretary GB, and Dr. Arvind Katiyar, Director YSM-Intermediate, reflected upon the theme of National Science Day 2022. They highlighted the importance of science and technology in shaping the future and the role of education in promoting scientific temperament among the students.

Dr. RCL Das, HOD (Mathematics), shared his valuable ideas on science and technology during the seminar. He discussed how an integrated approach in science and technology can lead to breakthrough innovations and sustainable solutions to the global challenges.

2. Orientation Session on “Empowering Students through Skill Development Programs”

Yogoda Satsanga Mahavidyalaya, in collaboration with the Jharkhand Government MSME Tool Room, organized an orientation program for enlightening students about the courses and livelihood programs offered by the institute. The Jharkhand Government MSME Tool Room has been set up with state-of-the-art technology at Tatisilwai Ranchi, under the supervision of MECON. The program was held on 23rd February 2022 in the college premises.

Keynote Address: Mr. Mahesh Kumar Gupta, Principal of Jharkhand Government MSME Tool Room, Ranchi, delivered the keynote address to the students. In his address, he spoke at length about the institute, which is aimed at imparting training in the field of design and manufacturing. He briefed the students about the courses offered by the institution, including the approved 4-year Diploma in Tool & Die Making course (equivalent to Diploma in Mechanical) and various industry-oriented skill development courses.

3. Workshop on “Sanskrit Language and Philosophy”

The Department of Sanskrit and Philosophy organized a two-day workshop on Sanskrit language and philosophy on March 30th -31st, 2022, in the Seminar Hall. The workshop aimed to educate the students on the scientificity of Sanskrit language and the various philosophies associated with it.

Dr. Chandrakant Shukla, President award recipient and a distinguished scholar of Sanskrit and Philosophy, was the keynote speaker at the workshop. He explained the scientificity of the Sanskrit language and its significant contributions to Indian culture and literature. He also discussed the various aspects of Vedic and Secular literature with the students.

Dr. Shukla delved into the philosophies of atheism and covered three different schools of thought that fall under it. He also explained the aspects of Vaisheshik philosophy and how it relates to the broader field of Indian philosophy.

Following the insightful session, a Q&A session was held where students from both departments actively participated. The session provided an opportunity for the students to interact with Dr. Shukla and clarify any doubts they had.

The two-day workshop proved to be an enriching experience for the students of both the Sanskrit and Philosophy departments. The keynote speech by Dr. Shukla and the subsequent Q&A session were highly informative and thought-provoking. The workshop helped the students gain a deeper understanding of the Sanskrit language and the philosophies associated with it.

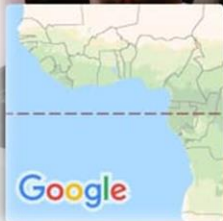

4. Workshop on “Android App Development”

The Department of Computer Applications and Information Technology from the Centre of Vocational Studies, YSM organized a three-day workshop on "Android App Development" for the students of Semester III (2020-23) from 28th April 2022 to 30th April 2022. The aim of the workshop was to provide the students with hands-on experience and knowledge related to Android App Development.

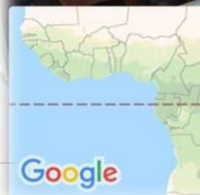

The workshop was conducted by Mr. Abhishek Bhardwaj, an expert in Android App Development from Androsoft. The workshop covered various aspects related to Android App Development, including creating projects, activities, and layouts. Mr. Bhardwaj provided in-depth knowledge about the Android Studio and explained how to use it effectively for developing Android Applications.

The workshop was divided into three sessions, each session lasting for around three hours. The first session focused on the basics of Android App Development and provided an introduction to the Android Studio. In the second session, Mr. Bhardwaj explained how to create a new project in Android Studio, design layouts, and add various UI elements. The final session was dedicated to hands-on training where the students worked on developing their own Android App.

The workshop provided the students with an excellent opportunity to learn about Android App Development. The practical sessions were particularly helpful as the students got to work on their own Android App. The resource person, Mr. Bhardwaj, provided clear explanations and answered all the doubts and queries raised by the students.

In conclusion, the Android App Development workshop organized by the Department of Computer Applications and Information Technology from the Centre of Vocational Studies, YSM was a great success. The students gained valuable knowledge and practical experience related to Android App Development. The workshop proved to be an essential learning experience for the students and helped them to enhance their skills in Android App Development

5. An Orientation by Mahindra Group with Nandi foundation

Mahindra Group, a leading multinational conglomerate, has collaborated with Nandi Foundation, an implementation partner, to organize an orientation program for the students of the session 2019-22. The event aimed to nurture and unlock the potential of the youth by familiarizing them with the upcoming weeklong training program and other relevant details.

The orientation program was held on 13th May 2022 in the Seminar hall of the Mahavidyalaya. The students of the session 2019-22 participated in the program with great enthusiasm. The objective of the event was to help the students prepare for the training program and maximize their learning outcomes.

The program covered a wide range of topics, including leadership, communication, teamwork, and problem-solving. The orientation program provided an opportunity for the students to interact with the trainers and ask questions about the training program.

Mahindra Group and Nandi Foundation aimed to create a positive learning environment that would help the students grow and achieve their goals. The collaboration between the two organizations emphasized the importance of nurturing young talent and empowering the youth to make a positive impact in society.

6. Seminar on “Investor Awareness”

On 17-0-52022, a seminar on "Investor Awareness" was organized at YSM for the students of the Department of Business Administration. The aim of the seminar was to improve financial literacy among the students and to educate them about the various financial instruments and investment avenues available to them. The seminar was attended by 50 students and was conducted by Mr. Ajitesh Sinha, a financial expert from Academy of Excellence Learning Solutions Pvt. Ltd. Kolkata.

Mr. Ajitesh Sinha started the session by emphasizing the importance of financial planning and the need to have a diversified investment portfolio. He discussed in detail the various investment avenues such as shares, mutual funds, insurance, and other financial instruments. He explained the risks and returns associated with each of these investments and how to choose the right investment option based on one's financial goals and risk appetite.

During the session, Mr. Sinha also highlighted the importance of reading financial statements and understanding the stock market. He provided practical examples to help the students understand the concepts better and encouraged them to ask questions and clarify their doubts.

7. Seminar on “Marketing of Organic Produce in Jharkhand”

A seminar on Marketing of Organic product in Jharkhand was organized on May 20, 2022, by the Department of Commerce in collaboration with the NDLI Club to discuss the marketing of organic produce in Jharkhand. The seminar aimed to raise awareness about organic farming practices in Jharkhand and promote its benefits to the students of commerce, economics, and vocational studies.

Keynote Speaker: The keynote speaker for the seminar was Dr. M S A Mahalinga Shiva, an alumnus of XLRI Jamshedpur and IIT Kharagpur. Currently serving as the C.E.O of the Organic Farming Authority of Jharkhand, he shared his valuable insights on ways to promote organic farming and highlighted the organic farming scenario in Jharkhand. Dr. Shiva also emphasized how the shift towards unhealthy eating habits has led to a rise in physical and mental ailments, making the need for organic farming even more pressing.

Following his talk, Dr. Shiva answered questions from the students. The Q/A session was interactive and informative, with students gaining valuable insights into organic farming practices, the benefits of consuming organic produce, and the current scenario of organic farming in Jharkhand.

A total of 123 students participated in the seminar with great enthusiasm, reflecting their interest in learning about organic farming practices and their potential benefits.

: Shruti Ambastha, a student of B.Com (2019-22), was the Master of Ceremony for the program. She ensured that the seminar proceeded smoothly and kept the audience engaged throughout.
